

Using Creative Curriculum

Julia Jeremias and Maria Bedard are Accreditation Consultants with the Preschool Enrichment Team in Springfield, MA.

They have had extensive training from Teaching Strategies to provide Creative Curriculum Workshops for Early Childhood Educators.

This training is designed to introduce educators to the Creative Curriculum.

You will learn to design a classroom environment that promotes learning and encourages pro-social behavior

Through hands-on activities and dialogue you will explore the 10 learning centers that make up the creative curriculum classroom.

You will also investigate how environment, observation, and lesson planning work together to facilitate the assessment process.
